Korniloff's Army Surrenders to Kerensky

**WASHINGTON SAW

ence at Head of Army

**GEN. ALEXIEFF WILL ACT

**Is Capable Military Leader
and Firm Supporter of
New Government**

**WASHINGTON, Sept. 13.—Two de-
velopments in the Russian situation
cause officials here to regard it more
optimistically. They were:**

The abandonment of General Korniloff by Moslem troops and other professional fighters on whom Korniloff probably had placed much reliance in his advance on Petrograd.

The appointment of General Alexieff, former commander-in-chief as chief of staff under Premier Kerensky, who has assumed the rank of commander.

The first was interpreted as an indication that the revolt was fast approaching collapse unless new help came from sources yet undisclosed in official advice reaching here.

The second was taken to mean that General Alexieff, as chief of staff, virtually will be commander, since Kerensky is not a military man, and his assumption of the chief command is probably for the psychological effect and inspiration of his personality upon a nervous country.

Alexieff probably can be counted on to carry out the very reforms in army discipline which Korniloff sought by his coup. Out of the threatened division then might develop elements of better organization than the country had before.

General Alexieff, it was recalled here today, was largely responsible for the overthrow of the army to the revolution which deposed the Romanoffs. He assumed command of the new army under the first provisional government and was replaced only recently by Korniloff because the inevitable army disorganization following the revolution demanded a change.

At the Moscow conference he made a speech denouncing advocates of loose discipline and predicted serious consequences if reforms did not come soon. There is much speculation here on the probable punishment of General Korniloff and his supporters if their movement fails, particularly since the death penalty is no longer sufficient in Russia except at the front and because Korniloff stood so high in popular estimation that the government may hesitate to deal drastically with him.

Despite the slightly more hopeful aspect of the situation on the surface, officials and diplomats here do not overlook that later advice outlining more clearly the internal political situation may show Russia's predicament as very critical.

BITTER EDITORIAL COMMENT.
Stockholm, Sept. 13.—The Conservative newspaper Dagbladet prints a bitter editorial on the statements in the British and American press concerning the Luxburg affair. The newspaper says:

"The barrage fire from New York and London editors will fall entirely to frighten Sweden out of its neutrality."

manufacturers and householders
may rest assured that a sufficient
quantity of coal for their use will
be available, in spite of the priority
rule which has diverted much fuel
to the northwest. This was the word
received from Washington after a
conference had been held between
Attorney General McHugh and Robert
S. Lovett, director of priority
shipments.**

Modification of the priority order will be effected, according to the attorney general to such an extent as to allow householders and those engaged in government work to receive enough coal for their use.

Mr. McHugh, who has been in Washington for several days, returned to Columbus today.

PROMISES MARRIAGE BY PROXY

**WASHINGTON, Sept. 13.—Baron
Akerblom, charge of the Swedish
legation here, today informed Sec-
retary Lansing he had received the
statement of the Stockholm foreign
office already published here on the
passage of Count Luxburg's dis-
patches through the legation at
Buenos Aires, but that as the de-
partment already was in possession
of that information he did not con-

mally.**

Sweden's official explanation of the position of the Stockholm foreign office in the transmission of Count Luxburg's dispatches through her legation at Buenos Aires reached the Swedish legation here today and after being presented to Secretary Lansing will be made public. It is presumed to be the same as the official statement issued at Stockholm earlier in the week which declared the intriguing nature of the dispatches was unknown to Sweden.

Examination of the already published statement reveals some inaccuracy. The Swedish foreign office says it acted in a similar way for the United States and its minister in Turkey.

"The American minister here," said the Swedish statement, "during the present year asked for and received leave to send to and from Turkey letters and telegrams and this at a time when Turkey had not yet gone to war with the United States and its interests had not yet been taken over by the Swedish representative in Constantinople."

Records at the state department show that Minister Ira Nelson Morris to Sweden has reported that the Swedish government had not been requested to transmit any messages before April 10, but that he had inquired if the Swedish government would be willing to assume charge of American interests in Turkey in case of a rupture.

The Swedish government's agreement to forward messages required the United States to present them to the foreign office in Stockholm, or to the Swedish legation in Constantinople in French and in turn to be (Continued on Page 2, Col. 2.)

**KANSAS CITY, Sept. 13.—A riot in
which police estimated more than
2,000 striking packing house em-
ployees and their sympathizers par-
ticipated and in which many shots
were fired took place last night at
Armour & Company's plant in Kan-
sas City, Kan., with the result that
one man was fatally injured. Two
others were sent to hospitals suffer-
ing from injuries, the extent of
which has not been determined.**

The chief of police of Kansas City, Kan., announced he would ask the mayor to request that troops be sent to preserve order.

The disorder occurred when a crowd of strikers assembled before the Armour plant and began "milling" as six hundred or more employees who had not joined the strike came out of the gates. Some one threw a brick which struck Ora Wood, a switchman, fracturing his skull. Bricks then were thrown freely and the shooting began. The six hundred non-strikers sought shelter in the packing house yards where they remained for more than an hour. The strike has been in progress almost a week.

KERENSKY PLANS FIRM STAND AGAINST KORNILOFF'S REVOLT

Premier Kerensky (left), General Korniloff (above) and the Winter Palace in Petrograd, the executive offices of the provisional government.

General Korniloff's demand that he be given dictatorial powers and his defiance of Russia's present provisional government are meeting with Premier Kerensky's resolve to crush the Korniloff revolt. While Korniloff has the greatest military strength in his support Kerensky has said that he is confident of suppressing Korniloff's "dangerous adventure."

**AUTOPSY TO SETTLE 200-YEAR-OLD
CONTROVERSY OVER KING'S DEATH**

**STOCKHOLM, Aug. 21.—An autopsy on King XII, Sweden's warrior king
killed in battle almost 200 years ago, to determine whether the shot
through the temples, which caused his death, came from the enemy's
lines or from an assassin among his own men, has just been made here
in an effort to solve one of the mysteries of history. If the bullet entered
the right temple it would indicate that it came from Fredriksholm fort-
ress before which the king's forces lay entrenched, while a shot from the
opposite direction would show that it was fired by a traitor in his own
ranks.**

The scientists who are conducting the investigation have not yet announced their conclusions and will not until they have made an effort to fit together the pieces of bone taken from the wound, but the indications are that the bullet entered the right temple and came therefore from the enemy.

The king's body was examined in the old knight's church where it lay in a simple coffin. On the head was a laurel wreath placed there in January, 1719, the day he was buried. Those who viewed the dead king were struck by his masterful countenance still bearing through all the years the look of a leader of men.

The wound, covered by patches of linen, was found to consist of a cleft in the skull beginning at the left corner of the left eye and extending at an angle of about 45 degrees upward to the right for about three inches. A triangular piece of bone, loosened by the bullet, was still held in place by the skin. It was marked by a deep depression.

According to contemporary accounts of the king's death, he entered the trenches the evening of December 11, 1718, and went to a point opposite where the Danes had a battery. With him were the engineer who had planned the trenches and Siquier, the king's aide de camp. As Charles lay on the parapet of the trench, his head and shoulders exposed, an enemy cannon fired a load of grapeshot and the king fell dead.

No question that a grapeshot was the cause of his death ever arose until a year later when Siquier, while in a delirium of fever, said that he had murdered the king. When he recovered he was horrified at his own ravings and denied until his death that he had killed the king. He died in poverty. Voltaire, who investigated the affair, reached the conclusion that the fatal shot could not have been fired by Siquier. The murder theory, however, once started, has persisted down to the present time.

"No man," he said, "has a right to carry the liberty of free speech to a point which interferes with the due execution of the law, where his opposition is not an honest one and is actuated wholly by the intention of expressing his views. Some times individuals will give expression to views which may have an effect upon the execution of the laws. But if they are honestly and conscientiously expressed, it is, under our constitution the liberty of free speech."

"The citizens have a perfect right to discuss any measure; they have a perfect right to criticize the judgment of the courts or legislative acts. No man has a right to advise his neighbor or the public, to obstruct the execution of the law. That is beyond the liberty of free speech."

Petrograd, Sept. 13.—M. Skobelev, minister of labor in the Kerensky cabinet and a member of the council of workmen's and soldiers' delegates announced through the Russian official news agency today that General Korniloff's adventure had collapsed and that the army at his headquarters has surrendered.

OFFERED CONDITIONAL SURRENDER
London, Sept. 13.—General Korniloff, former commander in chief of the Russian army and leader of the rebellion against the provisional government has expressed a willingness to surrender on certain terms, says a dispatch from Petrograd to the Exchange Telegraph Company. The provisional government, however, demands his unconditional surrender.

WILD RUMORS IN STOCKHOLM.
Stockholm, Sept. 13.—The Svenska Dagbladet announces it has received a dispatch from Petrograd stating that Premier Kerensky has left the Russian capital at the head of an army in order to meet the troops of General Korniloff before they reach the capital. There was every expectation, the message said, that a battle would be fought on Wednesday.

Conflicting reports of developments in Russia were received here tonight by way of Haparanda. Travelers arriving at that Swedish village from Petrograd report that an engagement has occurred between the forces of General Korniloff and part of Premier Kerensky's troops near Luga. The government soldiers were defeated according to the information, retiring on the capital and destroying a bridge near Petrograd to stem pursuit.

General Korniloff is said to have requested that Michael V. Rodzianko, former president of the duma, to form a government at Moscow. Shooting was heard in Petrograd while the train was leaving the station. Part of Premier Kerensky's troops was said to have joined General Korniloff.

On the other hand, the Conservative Hufvudsbladet of Helsingfors, Finland, yesterday reports that Premier Kerensky was gaining the upper hand and that troops at the front were joining the provisional government.

KORNILOFF'S TROOPS DESERT.
Petrograd, Sept. 13.—A division of General Korniloff's forces, composed of Moslem troops, has reached Tsarskoe-Selo, 15 miles south of Petrograd. Kugusheff, a loyal Mohammedan officer, was sent to treat with them and they agreed to abandon resistance to the provisional government on condition that they be sent home to the Caucasus, where they must not be employed against the Turks, their co-religionists.

Premier Kerensky agreed to the proposal. According to official statements the so-called "savage" division composed of Georgians and Caucasians is the only unit of troops sent against Petrograd which remains solid for General Korniloff. That body is now at Tsarskoe-Selo. Up to yesterday afternoon it was feared force would have to be applied to it, but it now seems the situation is cleared.

It appears to be undoubtedly that the "savage" division, though devoted to General Korniloff, had no idea of their destination or his aim. The division consists of eight regiments of fierce Caucasians recruited almost exclusively from the tribes of Ingushes, Kabardians and Ossetians, and contains a few Tartars. Almost all are Mohammedans and among them are many princes. Some are wholly uneducated. Their commander is General Bagration.

The submission of the "savage" division was brought about through the devotion of a group of their co-religionists to the government. The tribesmen do not speak Russian; suspect and dread Christians, and were approached by the government's Russian emissaries, refused them on their arrival in Russia.

MAKES APPEAL TO BUSINESS MEN FOR COAL CONSERVATION

Washington, Sept. 13.—Through the chamber of commerce of the U. S. Dr. H. A. Garfield, fuel administrator, has appealed to American business men to assist in the conservation of coal. Dr. Garfield's appeal appears today in the official publication of the chamber as follows:

"It is the duty of every American to save coal this winter. If every family will save a ton of coal, 10 per cent. of the coal it uses, which ten per cent. it now wastes, the coal problem will be largely solved. There is plenty of coal in the ground, but there is a shortage of cars and of labor at the mines.

"If any family will reduce the temperature of its home at least five degrees, it will mean that millions of tons of coal will be saved and the health of the nation will be improved. This is not a hardship, it is a health measure, for most Americans live in superheated houses.

"The coal supply can be conserved by more economical methods of firing, by sifting ashes, by watching the furnace door and by heating only the parts of the house in use. To do this is a public duty. If the householders of the country save one ton out of twelve, they save ten million tons of coal.

"The opportunity here for business men's organizations throughout the country to co-operate with the state and local fuel administrators now being appointed is obvious. It is the patriotic duty of every manufacturer to consider the problem of scientific firing and to see that his firemen are properly instructed. Active and information can be had for the asking from the bureau of mines, which has made extensive investigations of the whole subject of scientific coal using.

"The solution of the coal problem lies largely with the American people. The government cannot save coal for them; they must save it for themselves. They must not rely wholly upon the price fixing, nor upon the already over taxed transportation systems of the country, nor upon the effort to increase production, nor upon the enforcement of the law. All must co-operate. The consumer of coal in house and factory can co-operate most effectively with the economies suggested."

NAVY DEPARTMENT WILL CHECK FUTURE REPORTS

Washington, Sept. 13.—To avoid issuance in the future of such erroneous reports as that Tuesday concerning the sinking of German submarines, a plan involving triple-checking of official statements has been presented to Secretary Daniels. It involves the co-operation of officers of the navy bureau of operations and editors of the committee on public information. The error also has led officials responsible for war department publicity to take additional precautions against mistakes.

FEDERAL AGENTS SEIZE DOCUMENTS OF PROF. NEARING

Toledo, Sept. 13.—All the papers taken by federal agents last night in a raid upon the residence of Professor Scott Nearing and the I. W. W. headquarters were sent to Cleveland this morning for examination by department of justice officials there. They were packed in a black bag labeled "revolutionary literature." Federal officials here say that a hasty examination of some of the I. W. W. papers indicated receipts of several hundred dollars by that organization from outside the city. Whether there was any indication that it came from German sources was not disclosed.

GEN. PERSHING SENDS INSPIRING MESSAGE TO AMERICAN ARMY

New York, Sept. 13.—Major General John J. Pershing has sent a message to the New York Bible society, which was made public here today. The message, which will be inserted in the small khaki covered testaments given to the men, follows:

"Aroused against a nation waging war in vain of all Christian principles, our people are fighting in the cause of liberty.

"Hardship will be your lot, but trust in God will give you comfort. Temptation will befall you, but the teachings of our Saviour will give you strength. Let your valor as a soldier and your conduct as a man be an inspiration to your comrades and an honor to your country."

DYNAMITE IS FOUND NEAR CANTONMENT

Ayer, Mass., Sept. 13.—Major General Harry F. Hodges, commander at Camp Devens, said today that attached of no importance, what was reported discovery of dynamite near the cantonment last night by an agent of the department of justice. Army officers here in the absence of a report from the department instituted an investigation of their own.

H. M. Bowen, who found the dynamite, said he was satisfied he knew the names of the men who had placed it near the camp and that it was quite different in quality from that used by the local contractors. The men under suspicion, he said, were not members of the I. W. W. organization.

FIGHTING RECORD OF ANCESTORS GETS HIM IN

New York, Sept. 13.—A long line of fighting ancestors running back to Commodore Perry, of historic memory in naval annals, together with an indomitable spirit of patriotism, triumphed over navy department regulations for Charles Quinby, a 16-year-old youth of Moriches, N. Y., whose age prevented him at first from enlisting in the United States marine corps when he applied two weeks ago.

An appeal was made to the Secretary of the navy by the boy's father, who had seen active service in the Spanish American war, and a special dispensation was granted enabling the youth to enlist. Young Quinby is a great grandson of Commodore Perry and his grandfather was a colonel in the Civil War. Under the circumstances the secretary of the navy decided, it was said at navy recruiting headquarters, that the present war should have a representative of the Quinby family.

"Fame is a bubble," quoted the Wise Guy. "That's no reason why a fellow should claim exemption," retorted the Simple Mug.

GERMANS PILLAGE ST. QUENTIN AND FIRE NOTED CHURCH

Paris, Aug. 20.—(Correspondence of the Associated Press)—The Germans, according to the French claims, not only deliberately caused the fires that have partially ruined the beautiful and famous cathedral of St. Quentin, but pillaged the city before they set fire to a part of it.

The vandalism is laid to the door of officers and soldiers of the 116th and 117th regiments of the 25th German division, and, more or less directly, to the commanders of these units, respectively Colonel Gling, Colonel Klotz, and General von Scharfenstein, who are charged with having ordered a systematic pillage of St. Quentin as soon as they entered the city.

Officers, with soldiers to do the heavy work, went about the city. It is claimed, and carried off furniture, silverware, pianos, and valuable pictures, and shipped them to Germany. They even took safes filled with valuables and did it openly, piling their loot on to vans in midday. One officer and a number of soldiers were observed, it is said, as they attempted to steal strong boxes from a bank.

The pillaging troops worked under orders to establish a depot for loot on the route to Cambrai where "finds" from various towns were concentrated. The soldiers received instructions to take anything they pleased or that looked valuable, and in consequence have "cleared out" the city of St. Quentin as well as countless smaller places. Numberless men on furlough are said to have gone back to their homes laden with loot.

Nor has money been overlooked in the vandal hunt. One soldier of the 116th regiment is supposed to have uncovered 30,000 francs and to have appropriated it while smaller sums are missing from a number of homes.

ANTI-WILSON RAGE UNJUSTIFIED SAYS GERMAN EDITORIAL

Amsterdam, Sept. 13.—Amid the torments of personal abuse of President Wilson in the German newspapers, the moderation of the Zeitung of Hildesheim, province of Hanover, stands out strikingly. The Zeitung says:

"The German people should not permit themselves to be goaded into a blind anti-Wilsonian rage, which is as unjustified as it is senseless. After all, President Wilson deserves to be termed as the most honest of all our present enemies."

The Deutsch Tages Zeitung of Berlin prints the above excerpt merely for the purpose of pouring out upon it vials of editorial wrath.

CROXTON IS NAMED OHIO FOOD DIRECTOR

Washington, Sept. 13.—The food administration today officially named the following state food administrators:

For Ohio—Fred C. Croxton of Ohio.

For Florida—Braxton Beachman of Orlando.

For Mississippi—P. M. Harding of Vicksburg.

For New Jersey—James F. Fielder of Jersey City.

Food administrators for most of the other states already have been named.

5,000 JEWS ARE IN ARMY CAMP ON LONG ISLAND

New York, Sept. 13.—What is said to be the largest military force of Jews assembled at one camp in this country will be at Camp Upton, Yaphank, Long Island, by the Day of Atonement, which falls on Sept. 26, and arrangements have been made by Major General Franklin Bell to grant furloughs to the members of the faith who desire to observe the day.

It is estimated that 5,000 Jews will be in the camp by that time. Field services will be held at the camp next Monday and Tuesday in celebration of the Jewish new year. Dr. George Bacarat, professor at the rabbinical college of America with official, General Bell and his staff will attend the services.

The physical examination of half of the recruits at Camp Upton shows only three per cent. unfit for military duty and recommended for discharge from the national army.

STILL FIGHT TO GAIN MONTE SAN GABRIELE

Italy, Sept. 12.—(Delayed)—Italians and Austro-Hungarians are engaged in bitter fighting for possession of Monte San Gabriele, on the Isonzo front. A bulletin issued today by General Cadorna, mentioning Monte San Gabriele for the first time, reveals that intense fighting for possession of that point has been going on since the taking of Monte Santo by the Italians.

While the top of Monte San Gabriele has not yet been captured the Italians now are firmly established just under the crest and out of range of the Austrian artillery fire. The Austrian resistance has been of a most desperate character and there have been heavy losses on both sides.

You never can tell. The prodigal son is always partial to veal.

RED CROSS TAKES OVER TUBERCULOSIS WORK FROM FRENCH

Paris, Sept. 13.—The trustees of the "tuberculeux de la Guerre" transferred the activities of that organization to the American Red Cross this afternoon in the presence of the American ambassador and Red Cross and other philanthropic workers.

The property of the organization which was one of the first to undertake the battle against tuberculosis in France, consists of four sanatoriums.

Turks. I consider their submission assured."

NO FEAR OF ARMED CLASH.

Petrograd, Wednesday, Sept. 12.—9:25 p. m.—According to an official statement just issued, General Korniloff's attempt seems to have collapsed and there is no longer any reason to fear a collision between the two forces after General Korniloff had been in communication by telephone with General Korniloff the opinion was expressed that the revolutionary general later would abandon his enterprise.

Numerous delegations from General Korniloff's army are arriving at the staff offices of the Petrograd military district in a penitent mood, the Associated Press has been informed by Premier Kerensky's secretary. The soldiers declare they have been deceived as to the aims of General Korniloff's rebellion.

General Palkinsky, second in command to General Savinkoff, declares the revolt may now be considered to be a final and irreparable failure. He says the question of General Korniloff's surrender is now a matter of secondary importance, Premier Kerensky's appointment as commander-in-chief of all the armies has been confirmed officially by the cabinet. General Alexieff has been confirmed as his chief of staff. Vice Premier Nekrasoff announces that General Alexieff has sent a telegram to General Korniloff demanding his immediate surrender.

FIELDER JONES WILL STAY.

St. Louis, Sept. 13.—Rumors that Fielder Jones might not manage the St. Louis Americans next year, were denied by Phil Ball, owner of the Browns and by Jones, today. Jones said he would not resign unless he became convinced that Ball did not want him, and Mr. Ball said he would not let Jones go.

CHICAGO MAN SUES FOR SHARE IN STARR ESTATE OF \$500,000

Benedict Starr of Chicago, who alleges he is the son of the late A. E. Starr, by his first wife, has brought suit in the common pleas court to have the Starr will of nearly a half million dollars set aside, and to secure his share in the estate. The story comes as a great surprise to Zanesville people. The plaintiff states he is the older son of the deceased and that his mother was divorced from Starr in 1877, and that the reason he was not remembered in the will was that his father thought him dead.

Y. M. C. A. MAY FURNISH LODGING TO SOLDIERS

New York, Sept. 13.—The war council of the Y. M. C. A. it was announced today, is considering a plan to establish a lodging house for the accommodation of soldiers and sailors, strangers in New York, who on leave of absence, have a night to spend in the city. High rates charged by hotels, it was said, have so increased the number of soldiers and sailors appealing to it for aid that the war council, in the absence of co-operation of hotels in providing rooms at reasonable rates, planned to fit up a loft building as a dormitory where men can be lodged at nominal rates.

TO COMMANDERS.

Washington, Sept. 13.—Renewed assurances that National Guard units will be broken up as little as possible in the army reorganization was given today by the war department. It was explained, however, that in many cases it will be necessary to change the status or unity of organizations and that the decision rests with the department commanders.

CAISSON CLUB FORMED.

St. Louis, Sept. 13.—As a "second line of defense" to Battery E, Ohio Field Artillery of this county, the Caission Club has been organized. Dues are 25 cents a month and the proceeds are to be used to purchase tobacco, magazines and other luxuries for the boys in camp.

THE ARMY CAMPS.

Some of us who stay at home almost wish we were to be soldiers, as we read of the novelty and interest the men are finding in the new army camp life. It must appeal particularly to many types of men who hitherto have led very quiet and isolated lives.

There will be hosts of farmer boys who previously scarcely saw any greater assemblage of men than they would gather at the cross-roads post office or church. At home they communed mostly with their own thoughts. They went in but little for social life, as they could reach the country gatherings only by long walks in the evening. This isolation developed a rugged but too independent type of character. The enthusiasm of a regiment of men will be a thrilling experience to such.

Also it will do these fellows good to realize that the city boys are not all duds and weaklings. They will find many of them very athletic, and quite able to throw the country boys at a "wrestling" match. Also it will do the city boys good to see that the country boy is not necessarily a hayseed. He may be shy of manner, but underneath there is a keen observation and shrewd comment on what he sees.

Men who previously never left the boundaries of their native states will be swapping experiences with those from cities they only knew dimly as a memory of geography study. It will do them good to realize that their own locality does not possess all advantages nor all wisdom.

Travel is supposed to be beneficial, but the great majority of people never get much of it. The army boys will now see the world, but even better than that, they will get what is the major advantage of seeing the world, the meeting with people from widely diverse occupations and localities. Men of sluggish ambition will be roused when they find out what others are doing, and their eyes will be open to many opportunities. This army service will be a tremendous experience in a great many ways other than the military and fighting side of it. And every last one of the boys in the army can help but feel proud of the fact that he is taking part in the greatest undertaking the world has ever seen.

The middlemen aren't saying anything against the price-fixing idea, which they expect will hold down the producer's price and help them get the same old figure out of the consumer.

The movie-makers are showing some splendid war pictures made in the trenches out in the back lots of American cities. But the war pictures shown in Newark a few days ago were the real thing.

Some men claim exemption from the draft because they are needed at home to support their families, but they don't do anything for their families as they expect to be called in the draft.

The war experts demonstrate with great elaboration that if the Russians evacuate Bobruysk, the Germans will capture Novorossiysk, which is just as clear as mud.

It is a pity that the plotters and traitors can't go off somewhere by themselves where they could spend their lives double crossing each other.

Not merely do the soldier boys need all the socks the girls can knit, but the work displays their pretty hands to great advantage.

It is pretty hard to stop reckless driving of automobiles when so many people feel flattered if they get completed of.

PROTECT OUR BOYS.

America is the land of freedom, the home of free thought and free speech and every citizen is proud of his right to think for himself and to speak freely what is in his mind. BUT the United States is now at war with the German nation and this fact changes the situation to this extent: No person should be allowed to speak or write that which will injure the American cause; nobody should be permitted to say or do anything that will give aid or comfort to the enemy.

Everybody knows that the lives of American soldiers and sailors are menaced because of pro-German activities and it is high time to recognize the fact that the people in this country who are fighting the United States by working or by talking for Germany are more our enemies than are the Kaiser's forces upon the battlefields of Europe. These people here in America who are by their words or actions lending comfort to or giving assistance to America's foe are in reality stabbing our boys in the back.

The I. W. W. disclosures and the recent arrest in Philadelphia are opening the eyes of many people and the demand is going up throughout the land that the traitors and the spies be dealt with promptly and effectively. How long would such action be tolerated in Germany?

The United States government must suppress the pro-German element with an iron hand, influenced only by the thought of the welfare of this nation and the safety of our soldiers and our sailors.

MUST ASK FOR TERMS.

(Philadelphia Record.)
The Kaiser is afraid to drive his people through another war winter. They passionately demand peace before cold weather, and there is no telling what they might do if this were refused to them.

The movement for democracy in Germany has made considerable progress—more than appears on the surface. It was a very bold act of the Reichstag to adopt even the mildest sort of peace resolutions; that is a function of the Kaiser's factotum, the Chancellor. There is such talk as Germany has not heard since 1848. The addresses of the new Chancellor have been discussed with a candor that would have been impossible a year ago. Of course, the people are loyal, and the newspapers make a great bluff of indignation at the President for saying that the Imperial Government cannot be trusted. But the prestige of the army has been destroyed; it was to have won the war in three months, and the fourth year finds Germany in a desperate condition. The imperial prestige is closely connected with the prestige of the military establishment, which is absolutely subject to the Kaiser's direction.

Something might happen in Berlin and Potsdam if the people had to suffer through a fourth winter. Hence the anonymous peace terms, which emanate from Washington, which are in circulation in Washington. Germany has been talking peace for two years, and always raising its bid. If this new bid has any authority behind it, it shows how very much afraid the Kaiser is of trying to carry the war through another winter.

Hence, too, the announcement of Chancellor Michaelis to the Reichstag Committee that the terms of peace are being drawn and will be made known very soon. Hence, too, the speech of General von Ludendorff to the Bulgarian Journalists, promising a "happy ending" of the war in two months. That means the middle of November. The Government must keep before the public the hope of peace before winter, or something might happen in Berlin any time.

But Germany still tries to cover itself with its faded military glories and assume the airs of conqueror, and still talks about offering peace to the allies. It will not get peace this way.

Germany has lost. It failed three years ago, but had strength enough to keep up resistance till now, and it can keep it up for a good while yet. But its resources are nearly exhausted; it is outnumbered and out-fitted on the only front that really counts; every day will leave it weaker and make the allies, with American reinforcements, stronger. Germany need not offer terms until they are asked for. No allied nation has begged for peace, or asked for terms. The allies have no reason for contemplating a fourth war winter with horror. If Germany wants peace before winter it can obtain terms by asking the allies for them.

THREE MILLION MORE.

(Ohio State Journal.)

It is reported that the war department is getting ready to call out more soldiers, so as to have an army of 3,000,000 men. This movement indicates the belief that the war is to last a long time. But, however this may be, the purpose is a good one. We ought to have an army of 2,000,000 men. We ought to have it as soon as we can get it. The sooner we get it, the sooner the war will close and the more lives will be saved. It is the duty of this nation to go into the conflict with every resource in action. Then there will be no reason for any reserve, for no possible emergency will confront it. It is only a question of cost, but postponing the exercise of our full strength is the costliest thing we can do. If we had in Europe 2,000,000 men, the old German military autocracy would not last long. But the longer we potter along with very little of our strength, the longer the war will last, and the costlier in lives and money it will be. Hurry up the 3,000,000.

SENATE COMMITTEE APPROVES SUFFRAGE; VOTE IN DECEMBER

(Associated Press Telegram) Washington, Sept. 13.—The Senate today approved a resolution for national woman suffrage by constitutional amendment was favorably reported today by the senate suffrage committee and will take place on the calendar for a vote at the session beginning in December.

Whether the suffrage resolution can command the necessary two-thirds vote in the senate and later in the house, is a question.

President Wilson so far has refused to put the influence of the administration behind it, although urged to adopt as a way measure.

Suffrage supporters, however, regard getting it out of committee with a favorable report as a forward step and they welcome the opportunity to get a record vote on it in the open.

Without debate or objection the senate today passed Senator Shafroth's bill authorizing the Hawaiian legislature to give women, who have property and other qualifications of men, the right to vote in territorial elections. It also authorizes the legislature to submit to the territory the question of giving women unrestricted suffrage there.

The wedding of Miss Ruth Bolin, daughter of Mr. and Mrs. J. P. Bolin of Zanesville, and Nelson McCoy of Roseville, will be solemnized on Saturday, September 22, and will be marked by simplicity.

Mrs. Charles Spencer, Mrs. Frank D. Hall and Miss Emma Spencer entertained at the home of Mr. Spencer in North Fourth street on Wednesday afternoon with a serial party for the war relief fund of the A. F. W.

The hours were devoted to knitting by the following guests, Mrs. L. V. Bay, Mrs. U. O. Stevens, Mrs. William L. Prout, Mrs. A. H. Rickett and Miss Mary Buckingham, and Miss Margaret Buckingham, Mrs. Carl Norpell and Mrs. C. L. Sturgeon.

The home of Ely Fry in Fallsburg township was the scene of a pleasant occasion Saturday, September 8. It was the fourth annual reunion of the Taylor and Van Winkle families. By the noon hour about 200 persons had gathered for a social good time. All partook of a splendid dinner. After dinner a short program was rendered which consisted of recitations, music and short addresses. At the close of the program Mr. O. C. Hughes was re-elected president for the coming year. The fifth annual reunion will be held at the same place on the first Saturday of September, 1932.

Stinson-Cunningham. Wednesday afternoon at 2:30 o'clock the wedding of Mr. Karl Stinson and Miss Stella Cunningham was solemnized at the home of the officiating minister, Rev. T. B. White of Hebron.

The bride is the daughter of Mr. Chas. B. Cunningham of near this city and a graduate of Newark High school class of 1914.

The groom is a son of Mr. Geo. Stinson of Hebron and since graduation from the 1916 class of Ohio State University has been connected with the Mechanical Engraving department and at present is instructor in the U. S. army school of aeronautics at the University. He is a member of the Phi Kappa Tau fraternity.

They will reside in Columbus.

A business meeting of the Brightening Circle of the King's Daughters was held at the home of Miss Dorothy Edmondson, Hudson avenue, Wednesday. The routine business came before the meeting, and the annual election of officers was held, resulting as follows:

Leader—Miss Lillian Kammerer. Vice Leader—Miss Elizabeth Spencer. Secretary—Mabel Jones. Treasurer—Mrs. Fred Lytle.

ARGENTINE MOBS WRECK ALL TEUTON BUSINESS PLACES

(Associated Press Telegram) Buenos Aires, Sept. 13.—The rioting which began here late yesterday in anti-German demonstration continued throughout the night. Every German business house and restaurant in the downtown district was wrecked. The German club and several other buildings were damaged seriously by fire. The police wounded seven rioters seriously when they fired into the crowd. Three of the injured are expected.

At first the crowds were so unmanageable that the police closed all the streets leading to the German legation and consulate. The archives in these buildings were taken to the storage vaults for safe keeping. Firemen, armed with rifles, prevented the mob from destroying the offices of the German trans-Atlantic company, which supplies the city's light. Heavy forces of provincial troops are guarding the railway over which German Minister Luxemburg will arrive today.

STEAMER'S CREW IN OPEN BOATS 40 DAYS

(Associated Press Telegram) Vancouver, B. C., Sept. 13.—A life boat containing Captain Haruhiko Shiga and sixteen of the crew of the wrecked Japanese steamer Kotokira, arrived at Ikeda bay, Queen Charlotte Islands.

The vessel was wrecked on July 27 in Alaskan waters and during all the intervening weeks the life boat was at sea making for this coast.

Granville

(Special to Advocate.) Granville, Sept. 13.—Granville has awakened from her summer somnolence, and is welcoming the returning young people with cordiality. The streets are a riot of color, as the girls still wear the season's brilliant sweaters, and sports clothes. Everything is superficially cheerful, although there is many a vacancy where there should be a fine upper-classman. Several girls, too, have failed to return whose fathers have been accepted as physicians to France.

Sigma Chi fraternity, from which seventeen men enlisted last year, is represented at present by six loyal members. Among the alumni who are guests of the chapter this week are Messrs. John Brundage, '20; Dr. H. S. Wagner, '23, Rogersville, Tenn.; Arthur Eldridge, '21; Robt. Luss, '07, and Harold Sutton, '18, now in camp with the artillery, who spent one of his two days' furloughs in Granville. Gerald Athey, '17, has enlisted with the flyers. A crowd of Dayton alumni will accompany William Huffman to Alma Mater for a week-end visit.

Miss Dorothy McCann of Dayton is here for college opening as the guest of her Phi Psi Delta sisters.

Miss Juliet Barker of Cambridge, a last year's junior, has returned to spend the week with her Kappa Phi sisters. Miss Barker will enter the senior class in the University of Minnesota this fall, making her home with her aunt, Mrs. J. J. Runyan, formerly Miss Harriet Barker, dean of Shepardon college.

Miss Harriett Swetland of Mt. Vernon is among the number of Shepardon college girls who have returned for the opening of school, and is the guest of Kappa Phi. Craig Seasholes of Philadelphia, son of Dr. and Mrs. C. L. Seasholes, both formerly of Denison University, arrived in Granville last night as the guest of his uncle and aunt, Mr. and Mrs. W. P. Ullman.

Miss Anna Peckham of the mathematics department, who has spent the summer at her Rhode Island home, has returned to Shepardon college.

Prof. and Mrs. K. H. Eschman and little daughter have returned from a two-weeks' sojourn in northern Michigan. Prof. Eschman reports a favorable outlook for the Conservatory of Music, with R. W. Soule as head of the voice department. Miss Lella Brown of the organ, and Miss Gayle Smith of the violin. Mrs. Lockman's successor will soon be announced.

Beta Theta Pi has already pledged several men: Ford Weber of Toledo; H. G. Hopkins, Granville; John Vance, Cambridge; William Harrold, Massillon; Milton H. Smith, Massillon.

Lloyd Stankard of Dayton and Spencer Weber, '17, of Toledo, are at the Beta house. The executive committee of the A. F. W., together with representatives of the other women's organizations in the village, met last evening at the home of Mrs. J. D. Thompson and perfected plans for the farewell dinner to be given the boys of the 40 per cent quota who leave next week on a date to be made known by Mayor Coons as soon as received by him. Mrs. Thompson was elected chairman and other organizations will be brought into line. Every one is enthusiastic in their desire to help, and the men will be furnished a good, home-cooked, substantial dinner, with few frills, save those that men care for.

Mrs. Robert Owen entertained the Winter Picnic club Wednesday at her home on Burg street, three miles north of Granville. Nearly all of the twenty-five members were present, the out of town guests being: Mrs. O. H. Burris, Washington, D. C.; Mrs. Robert Duncan, Columbus; and Mrs. David Owen, Burg street.

Miss Helen Ray, who has spent the entire summer at a girls' camp near Denver, Colorado, returned to her home today, ready for her college work in Denison.

At the meeting of the Women's Music club held Wednesday afternoon, Sept. 12 at the home of the president, Mrs. W. P. Ullman, several important business matters were settled. Mrs. C. B. White for the program committee, announced assignments for the first meeting which is to be a Mozart offering: Mrs. C. W. Chamberlain invited the club to hold the opening program at the president's house on the hill. Mrs. Monceny Price is not available on account of the illness of Miss Mary Jones, who has been under the care of a trained nurse for some time. However she is improving daily, and it is hoped may soon be out again.

Dr. H. S. Wagner, '23, in charge of a large sanitarium at Rogersville, Tenn., has been calling on Sigma Chi fraternity and old friends in Granville today. Dr. Wagner is remembered by the members of the Sigma Chi boys who enlisted in the Spanish-American war, and served with credit.

RUSSIANS DRIVE TEUTONS BACK IN REGION OF RIGA

NEWARK MAN HAS A BOMB EXPLODING DEVICE FOR COUNTRY

A scheme developed by John S. Williams of the Wehrle company by which a bomb dropped by an aviator may be exploded at will and at any time, has been offered to the government through the National Council of Defense, according to an announcement made today by Mr. Williams. The plan was first offered to the government through Governor Cox. Secretary Charles Morris, replying for the governor, advised Mr. Williams to take up the matter with the Council.

Mr. Williams refused to divulge the plan. He said it was a very simple arrangement, easily tried and adaptable to present day conditions without difficulty. Without disclosing the nature of the scheme he said that it could be used either with or without electrical connections.

"I am too old to fight and if I can do anything to help the government win the war and thus save the lives of Americans, I shall feel amply repaid. I have not asked the government for any remuneration if it accepts my suggestion. I will make known the details to the government only."

AUTO PASSES OVER BOY'S BODY; RAN IN FRONT OF CAR

William Board, 6-year-old son of Mr. and Mrs. J. F. Board, 485 Garfield avenue, was seriously injured late Wednesday afternoon when he was struck by an automobile driven by J. P. Stuck, Granville street.

The boy was playing in Cedar street, near Clarendon, where the accident happened. It is said the child ran in front of the machine, which knocked him down, one wheel passing over the stomach. Dr. J. H. McClure was called and his condition is improved today. He suffered a contusion of the head, a cut above the right eye, and other injuries.

The Stuck machine stopped and took the boy to his home where every aid was offered.

The Courts

Transcripts Filed. Eleven criminal cases were transferred from the docket of Mayor R. C. Bigbee to that of the Common Pleas court today.

Damages Sued. Annibali Lusi has filed a suit for damages against Phillip Spada in the common pleas court. The suit grew out of a case recently heard in "Squire D. M. Jones' court when Spada had Lusi arrested. Lusi states in his petition that he was confined in the jail for three hours and that the case was dismissed and he was exonerated. He wishes damages for \$1,000 for injury to his character.

Forty-four thousand men are to be made into a singing as well as a fighting army at Camp Upton, Yaphank, L. I., according to plans being made by Major-General J. Franklin Bell. The project is to be conducted by Harry Barnhart, leader of the New York Community Chorus.

General Bell's plan embraces the erection at the camp of two or three large meeting halls, where "sings" will be held and a huge stadium, where all the command may gather to follow Mr. Barnhart's baton. General Bell says:

"I am anxious to have this camp become well known as one of the singing camps of the army, not only because singing men are fighting men, but because I have personally witnessed the fine spiritual effect of mass singing on soldiers. Nothing will so aid in unifying them in mind and spirits as their frequent singing together in large groups."

The plans of the United States

government for training camps do not include any large meeting halls or open-air stadiums where even a fair proportion of the men can be assembled. Two or three such auditoriums which will together seat 44,000 soldiers who will be under my care this winter are essential not only for camp singing but for other recreational work, mass instruction and communal meetings. My experience has amply demonstrated the vital importance of such assemblages.

"Mr. Harry Barnhart, the director of the New York Community Chorus, who has been conducting such singing of soldiers at the United States mobilization camp, Syracuse, N. Y., has consented to take charge of singing at Camp Upton and the New York Community Chorus will co-operate and assist."

"I have said before that singing men are fighting men. Anyone who has seen Harry Barnhart leading the 15,000 soldiers of the Syracuse United States mobilization camp in song must realize the tremendous spiritual value of the work to the soldiers."

CAREFULNESS. Furniture all marred and scratched, some valuable pieces broken as the result of carelessness. This will not happen if you let Phil Vogelmeier move your household goods because he takes the greatest care in handling furniture. If you desire to store your goods he has prepared a modern fire proof building in which to store them and they will have the best of care besides the extra protection against loss by fire. Here, too, you can store your piano in a special constructed room where the most valuable piano will be kept in perfect order. Call 1741 the next time.

REX S FALLS ON TRACK; ACCIDENT MARS RACING CARD

Before a crowd of about 500, as nifty a card of racing as has ever been presented to the followers of the "king's sport," in a decade, was presented yesterday on the half mile course at fair grounds.

The only incident marring the second day's program was the injury of Rex S, owned by R. W. Smith of Newark. At the start of the 2:27 pace he jerked his head and a fractured skull was the result.

(ASSOCIATED PRESS TELEGRAM)
New York, Sept. 23.—Offerings were on a smaller scale in the early market today and price movements were irregular. Stocks which developed pronounced weakness in the recent weeks made a better showing but further liquidation among investment shares, which was shifted to new quarters, prevented a general improvement.

Sentiment was depressed by spreading of the liquidating movement in the representative shares and by the absence of outside buying power. Losses were, however, not held fully as operators found it difficult to advance prices without meeting a fresh supply of stocks. Bonds were easier.

The closing was firm. Liberty bonds sold at 99.90 to 99.96. No further readjustment occurred in investment values in which new low records were reached. This movement was partly counteracted by short coming on an extensive scale, causing highly irregular fluctuations. Total sales approximately 700,000 shares.

Chicago, Sept. 23.—Wet weather in Iowa and a forecast of unsettled conditions in other important corn producing states here where dry weather was needed to mature the crop made the corn market swing upward today. Opening prices, which ranged from 3-4 off to 3-5 up, with December at 1.17 3-8 to 1.18 and May at 1.14 1-4 to 1.14 3-4 were followed by an advance all around to well above yesterday's finish.

The close was strong 2 to 2 3-8 net higher at 1.19 7-8 to 1.20 1-2 December, and 1.17 to 1.17 1-8 May. Expected threshing delay and a strengthening effect on the oats market. No interest in the arrival of wheat in Chicago took place. A split demand for flour was reported.

ANNOUNCE NAMES NEXT CONTINGENT PROBABLY FRIDAY

It is probable that the names of the 74 men who will leave Newark, Thursday, September 24 for Camp Sherman tomorrow.

The draft board members are today engaged in making out the list, and they appear, making allowance for those already in the service and the colored men, to be not to go with this contingent.

NAVY GETS THREE RECRUITS HERE TAKE FIRST EXAMS.

Merle Martin of Columbia street, Robert Africa, whose present residence is 1212 Locust street and Clifton Grimes of North Second street went to Zanesville this morning where they underwent their first examination for the navy. The young men enlisted yesterday. Merle Martin, was graduated from the Newark High school with the class of 1937.

Babe O'Connor (b. m.) who won the 2:27 pace Wednesday at the fair, sold after the race yesterday, to James Fitzsimmons, restaurant keeper in South First street. The purse won yesterday was \$400, and the horse was driven by its owner J. F. Carnal of Hanover.

She is entered again today in the 1:15 race and Carnal will drive her for the new owner.

JURY GIVES \$7895 TO EVERETT CO. FOR FIRST ST. PROPERTY

A verdict for \$7895 was brought in by a jury in probate court today in the condemnation suit of B. & O. railroad company and the City of Newark against the E. H. Everett company.

A HOME TO BE POUND OF

Another of those splendid six room houses on North avenue. The first floor has a large living room, 12x22 with open stairs and brick mantle, this is connected by French doors with a spacious dining room and cloak closet. A fine kitchen with cabinet and sink with both hot and cold water. Second floor has three bedrooms, two with built in wardrobes in white enamel. Each has large closet with light in closet also extra linen closet from center hall.

First floor finished in oak with polished oak waxed floors. It is equipped for both gas and electric lights. Has full basement with both city and soft water heated by a "Schill" furnace. Stairs to attic. Has large front and back porches.

This house is a row of six new how houses built this year. Lot is terraced, 40x135 feet. North avenue newly paved with asphalt. No finer location in city. Only eight minutes walk to court house or B. & O. shops.

This house is a model in appearance and workmanship. You can buy it on reasonable terms at a price that cannot be duplicated elsewhere. Do you want to see it? If you do call phone 7512 and I will take pleasure in showing it.

LEGAL NOTICE.
Laura R. Byrne and Alonzo L. Gibbs, who reside at Bardolph, McDonough county, Illinois, will take notice that on August 12th, 1937, Charles V. Armstrong commenced an action in the Court of Common Pleas of Licking County, Ohio, case No. 13,861, against them alleging that said Armstrong is the owner of a judgment rendered on a note given by Gibbs to one, Mary Tippet, August 10, 1900, for \$662.80, with interest from June 2, 1916, which judgment was levied on the real estate hereinafter mentioned, alleging that the conveyance which Gibbs made to Byrne January 11, 1916, recorded in volume 222 of Deeds, Recorder's office, Licking County, Ohio, page 616, and that the deed made by said Byrne to Gibbs in the nature of a trust deed dated January 11, 1916, and recorded Volume 232 of Deeds, same office, page 614, reference to which is made and describing 117 acres more or less, part of lots 9, 2 sub-division of No. 1 heirs of Thomas Hallenbeck in range 14, township 12, section 2, T. 34 N., R. 10 E., Remington township, said county, being part of the real estate of which Tobias Gibbs died seized, be set aside and sold for the reason that said deeds were made to cheat and defraud the creditors of said Gibbs, especially Armstrong, alleging that said judgment be decreed to be a valid lien upon said real estate and that the court order directing said Gibbs to pay the amount due upon said judgment, interest and costs.

The defendants are notified that they are required to answer said petition on or before October 27, 1937, or judgment may be rendered therein in accordance with the prayer of said petition.

For immediate and permanent relief from eczema I prescribe Resinol

"If you want to experiment, try some of those things you talk about. But if you really want that itching stopped and your skin healed, get a jar of Resinol Ointment. We doctors have been prescribing that ever since you were a small boy, so we know what it will do."

Resinol Ointment and Resinol Soap contain nothing that could irritate or inflame the tender skin. They clear away pimples, redness and roughness. They clear away dandruff, and form a most valuable household treatment for sores, chafings, cuts, burns, etc. Sold by all druggists. Use Resinol Soap for baby's bath.

Dandruffy Scalps Lead to Baldness

It's indeed a pity that thousands of men and women are needlessly growing bald, says a specialist who states that the loss of hair usually comes from dandruff, and anyone who gives the hair and scalp just a little attention should always have an abundance of good healthy hair. Dandruff causes baldness by clogging the scalp pores so that the hair roots are deprived of proper nourishment besides giving the microscope that causes it fertile ground for prolific breeding. The remedy is very simple. Kill the dandruff germ—the real hair destroyer—by applying a little of the genuine Parisian sage that you can now get at any American drug store. It is one of the simplest, safest and best methods to surely stop itching scalp and falling hair, remove every trace of dandruff and invigorate the hair roots to grow new healthy hair. It's the discriminating woman's favorite dressing because it's free from stickiness, delicately perfumed and will not streak the hair, while even one application makes it bright-looking, soft and fluffy.

Be sure to get the genuine Parisian sage (Giroux's), for this does not stain the hair and is guaranteed. W. A. Pruman will supply you. 9-6-11-13.

Battle Hymn of the Republic.

With Spirit

1. Mine eyes have seen the glory of the coming of the Lord;
2. I have seen Him in the writhing of a hundred battle-scarred;
3. I have read a fair-er gospel, written in burnt-sin and steel;
4. He has sounded forth the trumpet that shall never call retreat;
5. In the beauty of the lilies Christ was born across the sea,

He is trampling out the vintage where the grapes of wrath are stored; He hath
He has builded Him an altar in the evening down and damp, yet can
He is with us in the midst of the battle, and the flames of hell shall
With a glory in His bosom that transfigures you and me; As He

Look'd the fearful lightning of His sword; His truth is marching on.
He has read His righteous sentence by the dim and flaring lamps; His day is marching on.
He is born of woman, crush the serpent with His heel, Since God is marching on.
O make men free, let us die to make men free, While God is marching on.

Onward.

ing tune which is associated with other secular words. Yet it will sound as well in a church as in community singing or upon the highway, for, while the music has infectious spirit, it has a devotional quality as well.

The aim of the author was to produce a tune that should have plenty of fire and swing and still be so fundamentally simple as to recommend itself to the average musical capacity. In this aim he has emphatically succeeded, as any one who hears the music is aware at once.

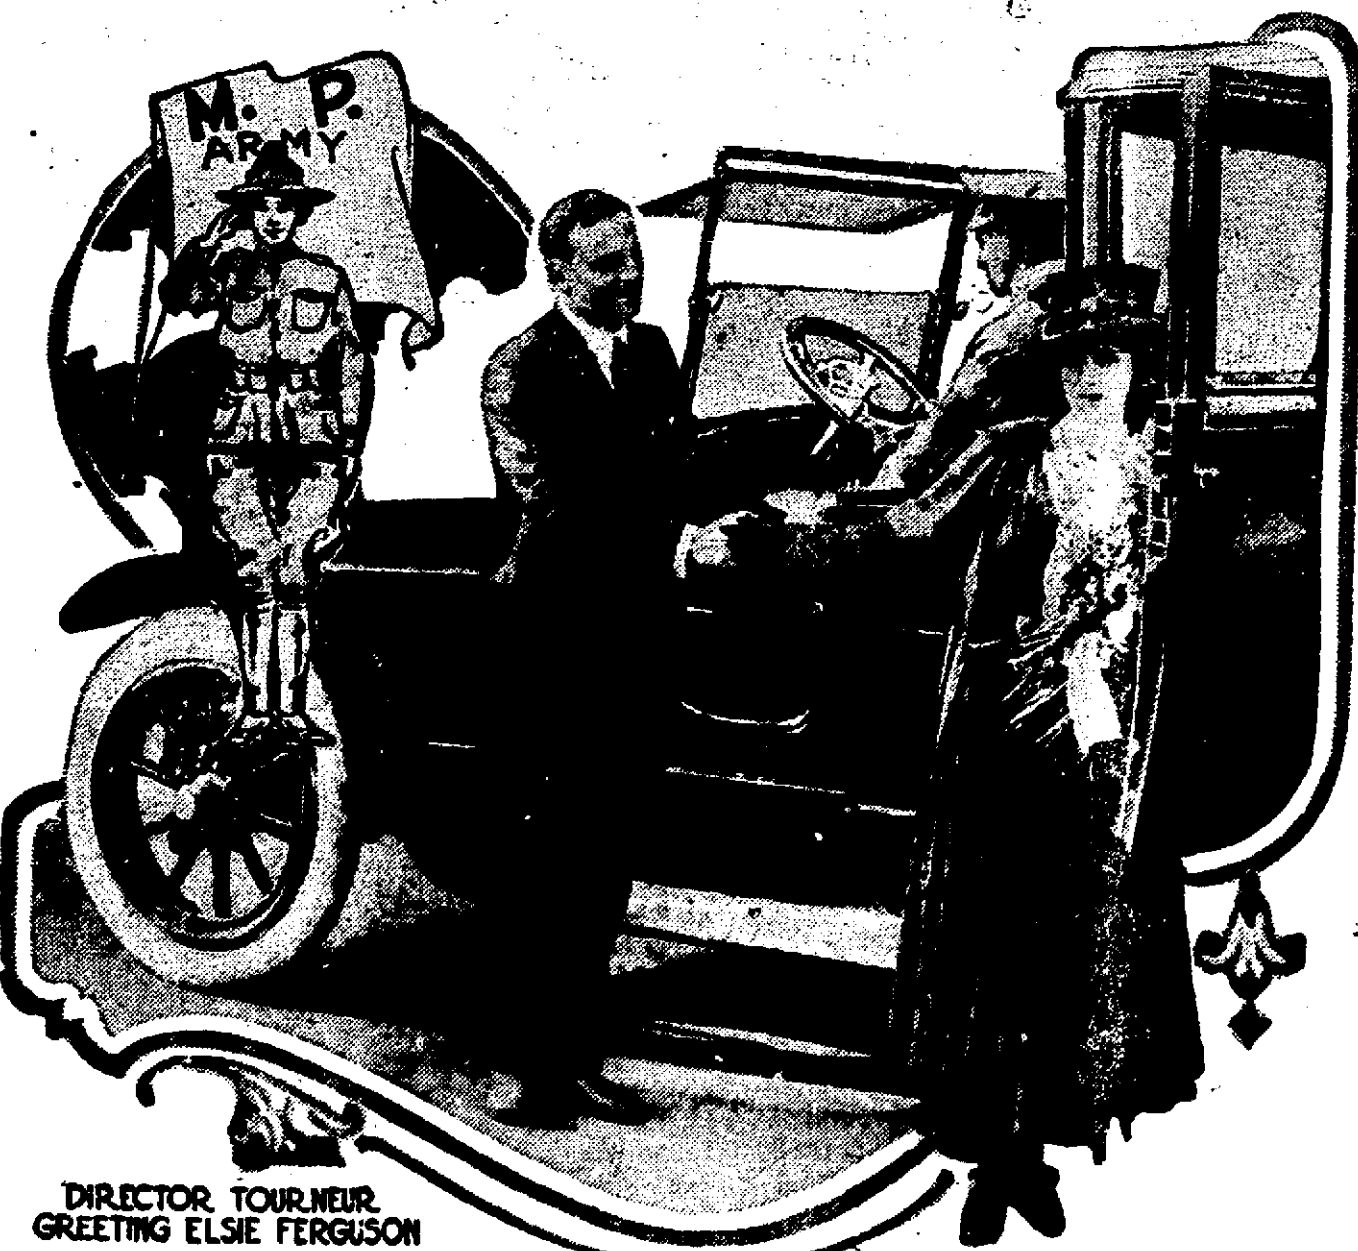

Another version is for brass band or orchestra, and this was employed with great effect by Victor Herbert and his orchestra recently. Especially noteworthy in this instrumental version, which precedes the refrain of the vocal version with a stirring instrumental march, is the resolute and inspiring use of the trombones and the tuba. Mr. Kinder reveals himself here a master of the art of employing the brasses, even as he is a scholar of long experience in the expert handling of voices.

RALPH KINDER, for many years organist and director at Holy Trinity church in Philadelphia, has prepared a new and rousing setting of "The Battle Hymn of the Republic," which those who have heard it say is bound to make itself in a short time widely known and popular.

In an editorial in the Outlook recently Lyman Abbott made a forceful statement of the desirability of a setting of "The Battle Hymn" that should be distinctive and appropriate on church as well as on secular patriotic occasions, and to Philadelphia friends recently Bishop Brent expressed his feeling that the setting to "John Brown's Body," as used in the great commemorative service at St. Paul's, in London, when the bishop preached, did not comport with the solemnity of the occasion. That sentiment has been expressed by many others entitled to an opinion.

The new melody, which may be sung by many voices in unison or by solo voice with the chorus upon the refrain, has all the swing of the original march.

Welcoming a New Screen Recruit

DIRECTOR TOURNEUR GREETING ELSIE FERGUSON

One of the latest motion picture recruits is none other than Elsie Ferguson, the beautiful stage favorite, who has at last deserted the few remaining celebrities of the spoken drama who have repeatedly refused to appear in the silent art. After a triumphant career on the stage Miss Ferguson comes to the cinema with probably the greatest histrionic talents ever displayed on the American stage. Her first motion picture to be released by Artcraft in the near future is an adaptation from Robert Hichens' popular novel, "Barbary Sheep."

sue received a letter today from her
son, Charles Wilson, from Columbus,
stating he had enlisted in the Field
Artillery at Columbus and was sta-
tioned at the barracks. He formerly
lived in Newark until a few
months ago, when he went to Col-
umbus where he has been employed
as an electrician.

Columbus, Sept. 13.—Within
two weeks the coal relief needed by
Ohio will be "forthcoming," declared
Attorney General Joseph McGhee to-
day upon his return from Washing-
ton, where he went to urge govern-
ment officials to take prompt steps
to prevent a coal famine in Ohio.

Here is the plan which Dr. H. A.
Garfield, national fuel administrator,
informed Attorney General Mc-
Ghee would be put into effect in
Ohio by the government to make it
possible for every one to get a suf-
ficient supply of coal:

1. A state coal administrator will
be appointed for Ohio and he will
have a representative in every county
and in every community of 2,500
persons or more.

2. These representatives will no-
tify the state administrator of the
needs of the various communities.
The state administrator will notify
the federal administrator at Wash-
ington who will order the operators
and dealers to supply the needed
coal.

3. Retail prices will be fixed so
that no one will gouge. The op-
erators and dealers will be com-
pelled to sell at these prices. The
fact that they may have made prior
contracts at higher prices will make
no difference.

4. If they refuse to furnish coal
at the prices fixed by the govern-
ment their supply of coal will be
commandeered and will be distributed
by the government.

Judge Robert S. Lovett, author of
the coal priority order by which coal
for lake shipments to the north-east
is given preference, informed Attor-
ney General McGhee that this order
does not prevent the diversion of
cars of coal to meet any emergency
which may arise.

Get Rid of Catarrh.

TRY THIS HOME TREATMENT FREE.

Catarrh not only makes one feel
miserable, it shows this effect in the
features, and it usually grows worse.
But thanks to a remarkable home treat-
ment, there is recovery in store for
every sufferer by the remarkable Gauss
self-home treatment, which you can try
free in your own home.

It is Perfectly Wonderful the Way
Gauss Treatment Drives Away
Catarrh.

A red nose that dribbles with mucus
is an unsightly misery. A breath faint-
ed with the odor of catarrh is an of-
fense against all health and decency.
A stomach filled with droppings from
disrupted nasal cavities may cause un-
told misery, and ruins the complexion.
The bowels clogged with strings of
ropy mucus, causing piles, blotches
and other skin eruptions.
The blood, swarming with millions
of catarrh germs, entails upon the kid-
neys a labor that may break them
down; the lungs and bronchial tubes,
soured with the destructive influence
of systematic catarrh, can lead to
anemia and the most serious conse-
quences.

So why continue with all this misery?
Send your name and address today for

COAL ADMINISTRATOR
FOR OHIO IS PLAN

Columbus, Sept. 13.—Within
two weeks the coal relief needed by
Ohio will be "forthcoming," declared
Attorney General Joseph McGhee to-
day upon his return from Washing-
ton, where he went to urge govern-
ment officials to take prompt steps
to prevent a coal famine in Ohio.

Here is the plan which Dr. H. A.
Garfield, national fuel administrator,
informed Attorney General Mc-
Ghee would be put into effect in
Ohio by the government to make it
possible for every one to get a suf-
ficient supply of coal:

1. A state coal administrator will
be appointed for Ohio and he will
have a representative in every county
and in every community of 2,500
persons or more.

2. These representatives will no-
tify the state administrator of the
needs of the various communities.
The state administrator will notify
the federal administrator at Wash-
ington who will order the operators
and dealers to supply the needed
coal.

3. Retail prices will be fixed so
that no one will gouge. The op-
erators and dealers will be com-
pelled to sell at these prices. The
fact that they may have made prior
contracts at higher prices will make
no difference.

4. If they refuse to furnish coal
at the prices fixed by the govern-
ment their supply of coal will be
commandeered and will be distributed
by the government.

Judge Robert S. Lovett, author of
the coal priority order by which coal
for lake shipments to the north-east
is given preference, informed Attor-
ney General McGhee that this order
does not prevent the diversion of
cars of coal to meet any emergency
which may arise.

Just the Same Thing.
My dear, says the husband, I told
you that we simply had to econom-
ize, and here you are, wearing a
new costume!

I know, honey, she soothes. But I
have put mothballs in the pockets.
So everyone will think it is an old
one.—London Answers.

GRANGE MEN WIN TUG OF WAR; PICKED CITY TEAM LOSERS

A pleasing feature of the county fair yesterday was a tug of war between two teams, one of which was composed of men living in Newark and the other consisting of a member of each of the granges.

The farmers easily won the tug and kept on pulling until the city folks acknowledged defeat and the superior braun of our country neighbors.

The granger team was captained by J. F. Weiss of Vanatta and consisted of G. S. Smith, Zane Watts, Casey Pound, R. A. Walters, Durt Crawford, Ardin Hankinson, Mike Sands, Seward Jones, Earl Fullerton, Russel Dustermer, Orville Dustermer, Wesley Montgomerv, I. R. Thorp, Walter Smith, Charles Pittser, Arthur Eures, George Koonz, O. B. Young, Burr Edmond, Frank Reese, John Lambert, Dean Statter, Frank Statter and Noah Overturf.

The city team was formed of the following Newark men: Harry Graham, Nick Ossolon, Joe Logolia, Jasper Kiss, J. C. McGough, R. L. Carlisle, C. H. Anderson, E. H. Bonham, Clarence Young, Dave Murphy, G. O. Bonham, Charles Swackhamer, Arthur Cooley, Curtis Berry, A. H. Marple, Tom Mazy, M. P. Wheeler, Dill Hankinson, L. Millisor, Jake Hankinson, William Schaller, H. W. Doane, J. W. Weakley and Harvey Alexander. The "Citizens" was captained by F. C. Mayers.

GRANGERS IN FAVOR OF NIGHT MEETING LICKING SOLDIERS

Following the tug-of-war between the grange and town teams at the fair grounds, yesterday afternoon, there was a conference between the grangers, Chairman A. S. Mitchell of the Newark Council of Defense, Manager Mosser of the Chamber of Commerce, and representatives of the general committee who have in hand the arrangements for the farewell demonstration to the remainder of the Licking county recruits who have been called to the colors.

The grangers voted in favor of an evening demonstration, as the lateness of the crops makes it necessary for them to utilize all the daylight possible. Many were in favor of a joint dinner to be given by the county and town people to the recruits in some large hall, to be followed by a parade in which uniformed bodies from all over the county may participate.

As the remaining recruits may be called out at different times, it was felt that one general demonstration would be more suitable than several small ones. This feature and other details will be finally decided at a meeting of the various committees which will be held in the Chamber of Commerce rooms at 7:30 o'clock, Friday evening, and to which the general public is invited.

700 AMERICANS STILL LIVING AMONG GERMANS

(ASSOCIATED PRESS TELEGRAM)

Berlin, Sept. 13, via London.—Since the breaking off of relations between the United States and Germany, 470 Americans have departed from Germany for home or neutral countries. The census recently compiled by the American Association of Commerce and trade of Berlin indicated that there were approximately 1,200 Americans in Germany on March 1. The present number therefore will not greatly exceed 700, half of whom are living in Berlin.

Americans continue to be unmolessted and are subjected to the same police rules and travel restrictions as neutrals. Requests for permits to cross the frontiers are granted in the order filed. The routine, however, frequently necessitates a wait of three or four weeks.

MIAMI UNIVERSITY OPENS

Oxford, Sept. 13.—The situation last night at the close of formal registration at Miami University was distinctly optimistic. With an actual gain in the enrollment in the freshman and junior classes, and a slight decrease in the enrollment of sophomores and seniors the total figure for the first day was only 70 below that of last year. Since Miami is one of the first of the universities to open for the season these facts will be of particular interest to colleges throughout the country.

FIGHT TO RETAIN GERMAN.

(ASSOCIATED PRESS TELEGRAM)

New York, Sept. 13.—The German-American societies of Greater New York have united in a campaign to resist any attempt to banish instruction in German from the public school in this city. A circular is being prepared in German and English in which great stress is to be laid upon the commercial and cultural importance of the German language.

NO PLANS MADE FOR DEMONSTRATION FOR DRAFT CONTINGENT

When asked concerning the proposed demonstration for the men who are leaving for Chillicothe next Thursday, September 20, A. S. Mitchell, as chairman of the program on arrangements, stated that no definite action had been taken, as he had not been officially notified of the date.

However he met with members of the various granges yesterday and all expressed a willingness to participate in the festivities and the celebration will be a uniform county and city demonstration.

NEW DEPARTMENT FOR BELGIAN RED CROSS

Washington, Sept. 13.—The formation of a special department under the American Red Cross commission to France to direct all Red Cross activities in Belgium, is announced in a cable from Major Guyon M. P. Murphy, head of the commission, to H. P. Davison, chairman of the Red Cross war council.

Dr. Ernest P. Bicknell, formerly director-general of civilian relief of the American Red Cross, and now deputy commissioner to Europe, is to be placed in charge of the work in Belgium. Assisting him will be the Rev. John Van Schaick, pastor of the Church of Our Father in Washington, D. C., and also a member of the commission.

The decision of the commission to separate Belgian relief work from that in France was made after several audiences of Major Murphy with the king and queen of Belgium. Headquarters for the new department will be at Havre, now serving as the seat of the Belgian government.

ADJOURN TREASON TRIAL.

London, Sept. 12.—Reuters' Telegram correspondent says the trial of General W. A. Soukhomloff, former minister of war, who is charged with treason, has been adjourned until the present political crisis has ended, in order to permit the court to carry out its sittings amid a calmer state of public mind.

LUTHERAN MISSIONARY.

The Woman's Home and Foreign Missionary society of the Lutheran church of Franklin met at the home of Mrs. Albert Wolfe. The meeting was opened by a hymn, followed by prayer by Mrs. H. L. Greenawalt. The devotionals were led by the president, Mrs. Frank Wilkin. The literary program was in charge of Mrs. Alice Wolfe.

The following officers were elected: President, Mrs. Carl Ritchey; vice president, Miss Maude Parr; secretary, Miss Hazel Taylor; treasurer, Mrs. Frank Osborn; corresponding secretary, Mrs. H. L. Greenawalt. Misses Hazel Taylor and Louise Wolfe were elected delegates to the synodical convention at St. Paris. The next meeting will be held at the home of Mrs. D. E. Dushimer, October 4.

CATTLE PRODUCTION MUST BE INCREASED BEFORE MEAT PRICES ARE LOWER

(ASSOCIATED PRESS TELEGRAM)

Washington, Sept. 13.—That a decrease in the prevailing high meat prices cannot be expected unless cattle production greatly is stimulated, was among today's developments at the national conference of meat packers. With no possibility of an abatement in the allies' demands, prospects are that prices will be maintained at their present level unless the desired expansion of the industry is realized.

Herbert Hoover has accepted the offer of the packers to put their plants under a licensing system, and government regulation of the meat business will be the next move of the food administration.
